Senate Committee on Student Discipline
REPORT ON ACADEMIC INTEGRITY VIOLATIONS - FY11

The Student Code requires that the Senate Committee on Student Discipline act as a clearinghouse of all academic integrity violations found by instructors, departments, and colleges.

"At the end of each academic year, the executive director of the Senate Committee on Student Discipline shall compile an annual report to the Senate on the number and severity of such infractions of academic integrity, without identification of the individuals involved, and make that report available for open distribution and publication across campus."

This report reflects all violations of the academic integrity policy reported to the Senate Committee on Student Discipline which were fully resolved (appeal process has expired) from July 1, 2010 through June 30, 2011. Cases which are still on appeal will be reflected in next year's report.

A Grand Total of **465** cases of academic integrity were reported in FY11. The first two charts below reflect the specific code violations and the instructor imposed penalties. The third chart reflects students who either had more than one academic integrity violation in their career as a student or had non-course based infractions for whom the Senate Committee on Student Discipline initiated their own, independent disciplinary proceeding.
